

Orchideenkartei

Die Orchideenkartei gibt es seit 1976. Das letzte Inhaltsverzeichnis von mir stammt von 2001. Ich habe jetzt bis Heft 4 2005 ein neues Inhaltsverzeichnis erstellt. Auf die Synonyme wird verzichtet. Es sind jetzt fast 500 Arten und weit über 550 Synonyme. Der Umfang dieses Inhaltsverzeichnisses wird sonst jeden Rahmen sprengen und die Übersicht geht verloren. Die beiden Karteikarten über Schädlinge sind am Anfang gesondert aufgeführt. Die Karte von der *Oncidium*-Hybride ist unter *Oncidium* zu finden.
